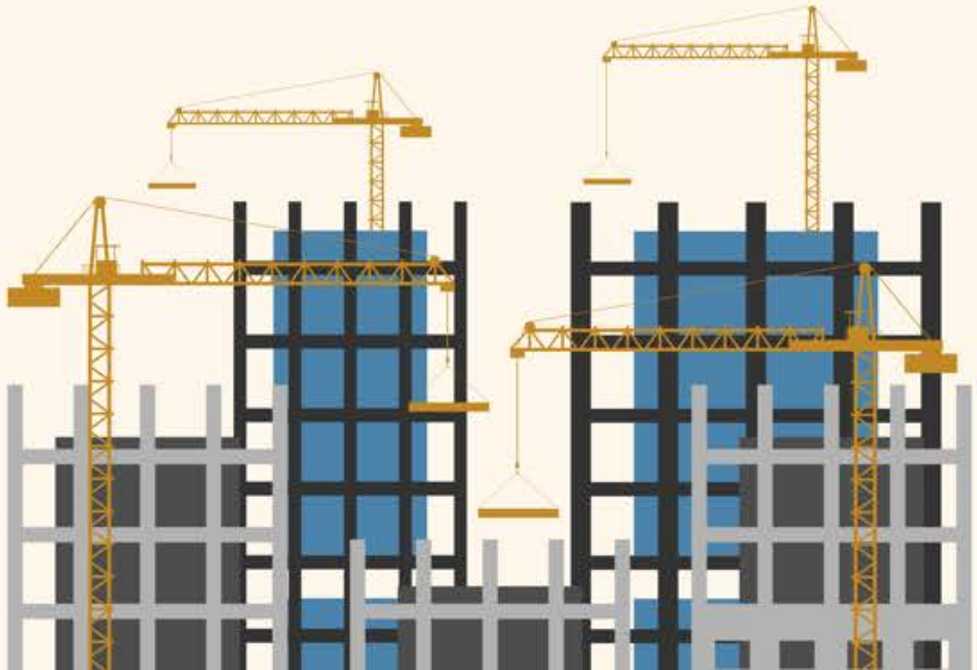
# CRITICAL RISKS

# CRITICAL RISK

high consequence, high-risk activities that have the potential to seriously injure or kill people

Critical risks are unique to each project

# CRITICAL RISKS



- Excavation
- Cranes and lifting
- Plant and equipment
- Traffic management
- Working at heights
- Electrical safety
- Temporary works.

# CRITICAL RISK

- Activity
- Why it is a critical risk
- Critical controls - above-the-line controls that need to be in place
